My friend,

I know it has been a  
while. But you owe me a  
favor for that incident  
with the Pig.

I am in trouble, I angered  
some gypsy woman and she  
cursed me.

My farm is now overrun  
and my family in danger.  
My wife is in hiding with  
our children at her  
mothers.

It is not just a matter  
of wild animals... there is  
something more sinister  
about them.

The Crux Ansata was no  
help, their leader Danica  
Amandine appears either  
too busy or thinks I am  
a fool.

Do you know any mages  
that can help?

If so you know where I  
live, send them there  
directly. I will be looking  
for help elsewhere.

I have another friend, an  
Innkeeper in Serpents  
Hold... maybe I'll see if he  
knows any paladins that  
could help me.  
Regards,

Jacob Hanton
